Preface.

The first attempt at the publication of a work of this character must necessarily be incomplete and imperfect. The publisher mailed out over thirty thousand circulars and personal letters to stock breeders whose names had been obtained from various sources by considerable research and investigation. This book is the result.

The next volume issued will be more complete, and will contain names of breeders of grade stock, together with a list of ranchmen.

The thanks of the publisher are due to those who kindly reported names and addresses for the work, whether accompanied by subscriptions or not.

The publisher hopes that the patrons of the work will consider the difficulties of a canvass conducted wholly by mail, and overlook the deficiencies of the first volume.

In 30 to 90 Days, by wearing

J. Y. EGAN'S NEW TRUSS.

This gentleman, who resides in Toronto, Canada, has devoted a quarter of a century as a SPECIALIST IN THE TREATMENT OF HERNIA, and to-day is considered the most reliable and competent authority on this continent. Nearly 1,100 testimonials from the United States and Canada. THE BEST EVIDENCE is the testimony of your neighbor.

Send your name and address (write plain), and enclose stamp for our list, and be convinced. Last year our New Truss cured 2,700, many of which could not even be held by any other appliance one hour.

A SEVERE CASE CURED.

DEAR SIR:—Being a house carpenter I do climbing and heavy lifting. I was laid up five months—as I could not procure a Truss that would hold me. Tried most of those highly advertised. Yours not only held me solid, but in the face of hard work has actually cured me. Can now do the heaviest work. As I am pretty well known, shall be glad to give any information to persons similarly afflicted.

Sincerely yours,

HAMILTON, ONT., July, 1886.

WM. BRACKBROUGH, 41 Pearl St. South.

VICTORIA, BRITISH COLUMBIA,

April 3d, 1887.

And 870 Folsom St., SAN FRANCISCO, CAL.,

OFFICE ELECTRIC SOAP CO.

DEAR SIR:—I am very much pleased. The Truss is beautifully finished, and is certainly of the best material. I can conscientiously say yours surpasses all I have ever seen. I have tried several, all failures, but yours "goes right to the spot," and holds things in place. I will take great pleasure in recommending it and urging it on a suffering and much humbugged people.

Yours truly, J. E. McDONALD.

ST. POLYCARPE STATION, QUEBEC, }
April 12th, 1887. }

DEAR SIR:—Your double Truss is the greatest of all I ever tried, I must say, I feel what I never did before—"like a new man." I can run, jump and lift without fear of either side coming down, and it never moves, no matter what position I am in. It keeps things right there.

Yours truly, W. J. MACE.

This new spiral spring pad Truss has taken over ten years to perfect; possesses a leverage pressure below; guaranteed to hold the worst case during the hardest work or severest strain.

Be Warned—Don't waste time and money on useless appliances. Send for our treatise; it contains full information—your neighbor's testimony—price list and questions for you to answer. Give full measurement ALL AROUND hip (a piece of string will do), your age, weight, height, employment, which side ruptured, and we will write and say how long it will take to cure you.

When writing, please mention this Directory.

The above cut is a correct likeness of the pure, Imported Angora ewe, **Queen Nellie**, the property of Wm. M. Landrum, of San Antonio, Texas, (formerly of Watsonville, Cal., late of Uvalde, Texas,) who took thirteen out of the sixteen prizes offered for best Angora goats at the two Dallas State Fairs, in 1886, over five competitors, and has on hand one of the finest flocks of pure Angora goats in America. Wm. M. Landrum introduced the Angoras on the Pacific coast in the Spring of 1861; made the purchase in 1860 of the first goats that went to California; is now twenty-seven years in the business; the oldest breeder in America, except Richard Peters, and purchased all of Peters' flock, under seven years old, in 1872, getting all Back strains, and has purchased first choice of all importations that had anything worth using that ever came to America, but one, and bred to it.

W. B. CLOETE, Madager of the great English syndicate near Mont Clover, Mexico, has just made the largest purchase of graded shearing goats from Wm. M. Landrum ever made by one party in America, numbering 4,000 head ewes and 20 fine pure breed bucks, all good shearing ewe goats, to stock their ranch of 20 miles wide by 60 in length. Landrum is prepared to furnish any kind of goats desired at all times, from common goats to finest pure breeds. His eldest son, R. L. Landrum, goes with the purchaser to Mexico to superintend the goat department of the great English stock ranch for Mr. Cloete. It is destined to be the largest mohair producing ranch in the world; the owners are millionaires, and spare nothing to make it a great success.

Any communication addressed,

WM. M. LANDRUM, San Antonio, Texas,

Relative to goats, will receive prompt attention.

BLATCHFORD'S**ROYAL STOCK FOOD****CATTLE CAKE,**

For mixing wet or dry, with the ordinary feed of **Cattle, Horses, Sheep and Swine.** It is highly recommended for keeping stock in good condition, and, at the same time, getting better results from other food, being richer in digestible **oil** and **albumen** than oil meal, and also more of a **tonic.** It is preferred by leading Stockowners throughout the country to anything else, as a most valuable and healthy addition to the food supply.

BLATCHFORD'S CALF REARING MEAL,

A special and highly approved **substitute** for new milk in rearing and feeding **Calves, Colts, Lambs and Pigs.** It is so thoroughly digestible, young stock can take it before any other food, and being composed wholly of selected and concentrated nutriment, they thrive remarkably upon it. Prevention of scour has been carefully secured, and it forms an invaluable ally of the Farmer, Breeder and Dairyman.

If your dealer will not get them for you, write to us for prices.

CHESTER WHITE HOGS;

Choice and leading strains of Chester County, the home of the Chester Hog and the place where he is bred in his perfection.

Chester county leads the world in the perfect bred Chester White Hog, and is the fatherland of all well bred hogs of that breed.

My hogs are pure, reliable, good quality, and recorded.

ENGLISH BERKSHIRES;

BLATCHFORD'S**ROYAL STOCK FOOD****CATTLE CAKE,**

For mixing wet or dry, with the ordinary feed of **Cattle, Horses, Sheep and Swine.** It is highly recommended for keeping stock in good condition, and, at the same time, getting better results from other food, being richer in digestible **oil** and **albumen** than oil meal, and also more of a **tonic.** It is preferred by leading Stockowners throughout the country to anything else, as a most valuable and healthy addition to the food supply.

BLATCHFORD'S CALF REARING MEAL,

A special and highly approved **substitute** for new milk in rearing and feeding **Calves, Colts, Lambs and Pigs.** It is so thoroughly digestible, young stock can take it before any other food, and being composed wholly of selected and concentrated nutriment, they thrive remarkably upon it. Prevention of scour has been carefully secured, and it forms an invaluable ally of the Farmer, Breeder and Dairyman.

If your dealer will not get them for you, write to us for prices.
